WHO WE ARE

Anbessa Mundus, an SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB), was founded in October 2022 by Dennis Splain, a US Army veteran. Headquartered in Utica, Michigan, USA, with regional offices in Kuwait and Philippines, we serve clients globally with a passion for driving progress and excellence in defense contracting.

Leveraging our extensive experience and established network within the Middle East, Anbessa Mundus delivers comprehensive solutions across the CENTCOM region, encompassing Kuwait, Iraq, Qatar, the UAE, Saudi Arabia, Bahrain, and Oman. With ongoing efforts to expand our reach into the INDOPACIFIC region, we are committed to meeting the diverse needs of our clients worldwide.

Our Competitive Advantage

Anbessa Mundus distinguishes itself through a combination of factors:

- **SDVOSB Certification:** Helping government agencies and prime contractors achieve socioeconomic goals while accessing reliable and cost-effective solutions.
- **Deep Understanding of USG Requirements:** As a U.S.-based company with a deep understanding of FAR regulations and extensive experience in supply chain management and government contracting, Anbessa Mundus excels at navigating complex procurement processes.
- **Proven Performance:** A strong track record of successful project delivery, demonstrated by our ongoing contracts with the U.S. Government and other clients.
- **Experienced Team:** We bring over 40 years of combined experience in managing multi-million-dollar subcontracts for the U.S. Department of Defense (DoD). Our team excels in:
 1. **Supply Chain Management:** Streamlining procurement and supply chain operations to ensure seamless service delivery.
 2. **Contract Administration:** Expert management of government contracts, ensuring compliance with Federal Acquisition Regulations (FAR).
 3. **Strategic Planning:** Developing strategies to tackle complex logistical challenges and drive operational success.

MISSION AND VISION

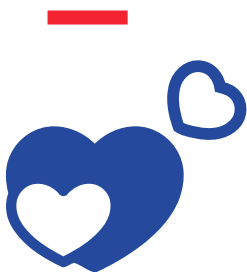

Mission

At Anbessa Mundus, our mission is to provide customized solutions that align with the distinct needs of our clients. We are committed to delivering dependable, high-impact services that support their strategic goals and objectives.

We uphold the highest standards of excellence, integrity, and value in every project we undertake. By harnessing cutting-edge technology and offering comprehensive solutions, we address the evolving demands of the modern defense industry. Our goal is to strengthen defense organizations and contribute to a safer, more secure future for all.

Vision

To be the foremost partner for U.S. federal government agencies and defense contractors by offering customized, high-impact solutions that not only enhance mission readiness but also drive operational excellence. We understand the complexities and challenges of defense operations and are committed to providing innovative, reliable services that adapt to diverse environments, ensuring our clients are always prepared to achieve their strategic objectives with efficiency and success.

OUR LEADERSHIP

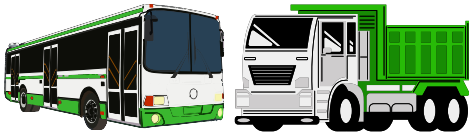

DENNIS SPLAIN, CEO & Founder

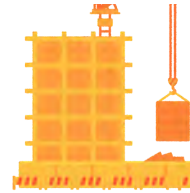

Dennis Splain, a U.S. Army veteran, leads Anbessa Mundus with over 20 years of experience as a government contractor in Southwest Asia. His military background has provided him with the discipline and strategic insight crucial for navigating the complexities of defense contracting. With expertise in logistics management, procurement, and an in-depth understanding of Federal Acquisition Regulations (FAR).

Under his leadership, Anbessa Mundus has become a trusted partner for U.S. federal agencies and defense contractors, known for delivering tailored solutions that enhance mission readiness. Committed to the company's mission, Dennis is passionate about supporting the U.S. Government's socioeconomic goals, including the empowerment of service-disabled veterans.

OUR OFFERINGS

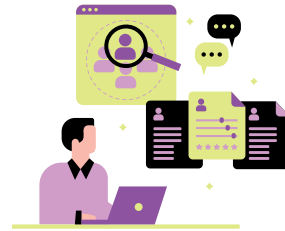

LOGISTICS & TRANSPORTION

CONSTRUCTION SERVICES

Project Planning, Design & Construction Management

From initial planning to final construction, our team of experienced professionals provides comprehensive construction services tailored to your specific needs. We offer expert guidance in project planning, design, and construction management, ensuring efficient and successful project execution. Our qualified supervisors meticulously oversee construction activities, guaranteeing adherence to specifications, safety standards, and budget constraints. Additionally, we provide innovative relocatable building solutions to meet your temporary or permanent space requirements, offering a diverse range of options to suit your unique needs

Relocatable Buildings

Get the temporary or permanent space you need quickly and efficiently with our pre-fabricated building solutions. We offer a diverse range of relocatable buildings to suit your specific requirements, from office spaces and workshops to accommodation units.

Our relocatable building solutions offer a diverse range of options to suit your specific requirements. From traditional trailers and CLBs to modern fabric buildings, we can provide the perfect solution for your needs.

FACILITY MANAGEMENT

We ensure the smooth operation and maintenance of your buildings and facilities, including HVAC systems, electrical systems, fire safety measures, and power supply. We also offer preventative maintenance plans to minimize downtime and extend the life of your assets.

Electrical Maintenance

Our skilled electricians ensure the safety and efficiency of your electrical systems, preventing potential hazards and minimizing downtime.

HVAC Maintenance

Our HVAC technicians maintain your heating, ventilation, and air conditioning systems for optimal performance, ensuring a comfortable and energy-efficient environment.

Janitorial Services

Our dedicated cleaning staff ensures a clean and hygienic environment for your facility, promoting a healthy and productive workspace.

Landscaping Services

Enhance your property's curb appeal and create a welcoming atmosphere with our professional landscaping services.

SPECIALIZED SERVICES

We offer the following specialized services

Fabrication and Machining

Offering precision fabrication and machining services for various industrial components.

Blasting and Painting

Providing expert blasting and painting services to protect and enhance surfaces.

Scaffolding and Construction Support

We provide scaffolding erection and other construction support services.

Pipeline Maintenance Services

Providing comprehensive pipeline services, including cleaning, repair, and maintenance.

STAFFING SOLUTIONS

Global Reach & Local Expertise

We leverage an extensive network of recruiters and partners worldwide to identify and onboard top talent, regardless of location. Our deep understanding of the local labor market ensures we find the right people with the right skills for your specific project needs.

Seamless Onboarding

We manage the entire recruitment process, from crafting compelling job descriptions to conducting interviews and facilitating visa sponsorships. This allows you to quickly and efficiently staff your projects with qualified personnel.

Skilled Workforce for Every Project

We offer a vast pool of skilled professionals across diverse industries, including construction workers, engineers, technicians, administrative staff, and more. Tell us your requirements, and we'll find the perfect fit.

PROCUREMENT AND SUPPLY

With our expertise in sourcing, purchasing, and inventory management, we help businesses optimize their operations and reduce costs. We specialize in procuring a wide range of products and materials, including construction materials, industrial equipment, office supplies, and technology products.

Construction Materials

We provide a diverse range of construction materials to support your project from inception to completion. Our offerings include:

- **Cement and Aggregates:** For concrete production.
- **Steel Products:** Rebars, beams, and structural steel.
- **Wood and Timber:** For construction purposes.
- **Masonry Materials:** Bricks, blocks, and other masonry products.
- **Insulation Materials:** For energy efficiency and comfort.
- **Roofing Materials:** Sheets, tiles, and accessories.
- **Plumbing and Sanitary Materials:** Pipes, fittings, and fixtures.
- **Electrical Materials:** Wires, cables, switches, and components.
- **Paints and Coatings:** For protection and aesthetics.

Industrial Supplies

- **Pipes and Fittings:** A vast selection of pipes and fittings in various sizes and materials to suit diverse project requirements.
- **Valves:** High-quality valves designed for optimal performance and durability, including ball valves, gate valves, globe valves, and more.
- **Gaskets:** A comprehensive range of gaskets to ensure leak-free connections and system integrity.
- **Other Industrial Components:** A wide array of additional components such as flanges, unions, and couplings to complete your project needs.
- **Welding Materials:** A comprehensive range of welding materials including electrodes, wires, and gases.

Furniture and Office Supplies

We provide a range of furniture and office supplies to create functional and comfortable workspaces. Our offerings include:

- **Office Furniture:** Desks, chairs, tables, cabinets, and other furniture for office spaces.
- **Partitions:** Dividers to create private workspaces within open office environments.
- **Janitorial Supplies:** Cleaning supplies, detergents, and equipment for maintaining clean workspaces.
